

Tenured Faculty Meeting

February 9, 2006

Attending: Kate Adams, Chris Chambers, Ted Cotton, Tony Lala, Melanie McKay, John Mosier, Marcus Smith.

Presiding: Mary McCay

Minutes of February Meeting approved.

Faculty discussed hiring plan and McCay asked Adams, Chambers, and Mosier to form a subcommittee and give us a hiring plan based on Mosier's suggestions, modifications of that plan, or another plan. That plan will be disseminated and discussed at the March tenured faculty meeting.

Hiring must also be related to planning and restructuring (if we decide to restructure). We must consider student population, number of majors, distribution of majors, ability of our tenured and ordinary faculty to teach a range of courses, etc.

Grad programs were discussed and Marcus Smith will look into grant possibilities for students and for startup programs.

Meeting Adjourned 1:50.
