

DEPARTMENT OF PHYSICS

March 6, 2017

To: Dr. William Walkenhorst, Chair of Chemistry and Biochemistry

Subject: Organic Lab change

Physics Department supports the proposed change of Organic Lab from a 2cr (6 contact hrs) 1-semester lab to two 1cr (3 contact hours) labs. While it does not change the total number of credit hours for the Biophysics/Pre Health track (PHPB) it will give us more scheduling flexibility.

Dr. Armin Kargol,
Department Chair
