

# VENTURE FOR NOLA INTERNSHIPS

FALL AND SPRING SEMESTERS

[bit.ly/venturefornola](http://bit.ly/venturefornola)

- Students work directly with a local startup founder & team to learn entrepreneurship by doing it
- Students can build their resumes, explore different career paths, and network within the community
- Working for a startup is fast-paced & exciting
- Fall & Spring semesters; recruitment is during first 2-3 weeks every semester
- Time commitment: 10 hours per week
- Looking for students who are driven ("hustle"), can follow through, and who can commit the time

## LOYOLA CERTIFICATE IN SOFTWARE DEVELOPMENT & CODING

New in Fall 2016, the Entrepreneurship Minor gives students the opportunities to apply the knowledge they learn in class & connect with the New Orleans community, no matter what their major or passion is.

- Open to students from all majors and disciplines
- Interdisciplinary courses in business, entrepreneurship, MassComms & Music Industry Studies
- Classes encourage community engagement
- Gives students a well-rounded perspective on how to apply in the real world what they learn in classes
- Every class offers in-depth content--no fluff
