

Loyola University New Orleans
College of Arts and Sciences
College Curriculum Committee

Thursday, September 8, 2016
Bobet Hall Room 202
3:30 pm. – 5:00 pm
Minutes

I. Attendance

Dr. Karen Rosenbecker, Classical Studies
Dr. Nathan Henne, Languages and Cultures
Dr. Tirthabir Biswas, Physics
Dr. Donald Hauber, Biology
Dr. Kelly Frailing, Criminology and Justice
Dr. Natasha Bingham, Political Science
Dr. Uriel Quesada, Associate Dean, CAS

II. Motions

A. Election of New Committee Chair

- Dr. Karen Rosenbecker was elected chair for the 2016-2017 academic year.

B. Computational Science Minor – Program Change

- The Committee postponed the discussion and instructed Associate Dean Quesada to work with the department on improving proposal. The proposal rational is similar to MathA375 proposal
- The proposal does not mention any reasons why the options are being eliminated.

MATHA375 Computation Mathematics – Revised Course

- The Committee discussed and approved the changes in pre-req for MATHA375. However, the Committee considered a full proposal is not necessary. The Committee would like Associate Dean Quesada to discuss with Dean Calzada about a strategic way to present this proposal to the UC&CC.

III. New Business

- Associate Dean Quesada informed the Committee about the BioInquiry proposal. The course was not approved by the HNS CCC in Spring 2016 and the Department of Biological Sciences appealed the decision to DAC. On Monday, September 12, 2016 DAC will vote on it. The Chair of the CCC must attend, however Dr. Rosenbecker excused herself due to conflicting appointments. The CCC instructed Associate Dean Quesada to represent Dr. Rosenbecker at the Council meeting.
